HOW TO REACH ACHAIA BEACH HOTEL FROM ATHENS AIRPORT

You can travel from Athens to Patras by **bus** or by **car**.

From **Athens Airport** (www.aia.gr) take the **bus X93** (the station is right outside of the Arrivals Level at the exits 4 and 5) to **Kifissos Bus Station**. It will take you about an hour to get there. Bus ticket cost: 5 Euros.

At Kifissos Bus Station, you will go to the stand "PATRAS" and buy a ticket. It's best to choose an EXPRESS bus, if the timing is good, because in this way it takes 2,5 hours to get to Patras station – without stops along the way. Ticket cost: 20 Euros approximately.

From Patras Bus Station, it is preferable to take a taxi to Achaia Beach Hotel (http://www.airotel.gr/hotel/achaia_beach_hotel). Estimated cost: 10 Euros.

In case you plan to travel by **car**, please follow these directions:

From Athens airport, you are advised to take the following route: AttikiOdos – Elefsina – New National Road (direction to Patras). The trip lasts around 2,5 hours. After the toll station of Rio (it is a suburb right before the city of Patras), at the first traffic lights you turn right and then after having crossed the railway track you turn right again. Then, you go straight ahead for almost 1 km, until you see the signs leading you to Achaia Beach Hotel which is located near the sea.
